Experience

Jun 2020 - present Ruse, Bulgaria

 Front-end Lead
Cyberstorm

Managed tasks efficiently using Agile methodology, enabling rapid deployment via GitHub. Designed and developed full-stack online store with auth, OAuth sign-up, and user profiles using Next.js, TypeScript, Next-Auth, PostgreSQL, and Tailwind CSS. Implemented SEO and Core Web Vitals optimization techniques, increasing traffic by 40% and sales by 30%. Led bi-weekly team meetings to foster open communication, tackle challenges, and ensure project success.

Dec 2019 - May 2020 Ruse, Bulgaria

 UI/UX Designer
VIP Software

Designed aesthetically pleasing, easy-to-navigate websites attuned to unique demands of various organizational divisions. Maintained consistency throughout all pages and templates. Conducted thorough user research and usability testing to inform design decisions and create an optimal user journey.

Apr 2018 - Sep 2018 London, UK

 UI/UX Designer
Akkiba AI

Designed visually engaging mobile/desktop apps, following brand guidelines and best practice. Conducted user research and usability tests to inform design decisions and enhance UX. Collaborated effectively with devs, PMs, and stakeholders to define requirements and propose suitable design options.

Oct 2015 - Jan 2018 Kilcoole, Ireland

 Graphic Designer
Hisun Technologies

Developed high-quality designs embodying the exclusive brand identities of prominent clients such as ESB Networks, John Deere, and Linde. Produced quality vector illustrations using versatile graphic design software suites. Reliably met demanding timelines and excelled in managing resources effectively to achieve impressive results under pressure.

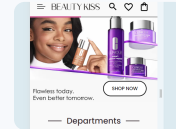

Latest projects

Nutristreet

Engineered a dynamic Recipe Web Application leveraging Next.js and PostgreSQL, USDA external API, user profiles and CRUD functionalities.
